## Fumé Saint-Saphorin AOC Lavaux

### Collection Louis-Philippe Bovard

#### Viticulture

Terraced vineyards bordering Lake Geneva. Slope of 40%. Manual cultivation. Planting density 9'000 vines/hectare. Yield 1 kg/cep.

#### Grape

Chasselas (native variety).

#### Terroir and Soils

Clayey gravel sediments; south-east facing. Plot of 3 hectares at the extreme east of the appellation, periodically influenced by the foehn while benefiting from the earliest climate in Lavaux. Soil formed of clayey sediments and gravel on a bedrock of molasse.

#### Vinification

Burgundy-style ageing for 10 months in new or one-year-old 225-litre oak barrels.

#### Alcohol

12.8%

#### Degustation

Slightly vanilla and toasted nose, with a beautiful aromatic complexity (hazelnuts, pear...). The palate is rich, full with lemon and white fruit notes.

#### Ageing

5 to 8 years

#### Food and wine pairing

Starters with vinaigrette, dishes in saffron sauce, tomato-based dishes, salmon, freshwater fish.

#### The winery

Louis-Philippe Bovard – whose name is in its 10th generation – took the helm of his family's 13-hectare estate in 1983. He is a pioneer in the field and is responsible, among other things, for the introduction of new grape varieties (Chenin Blanc, Sauvignon Blanc and Syrah), the maturing of Chasselas in barrels, the creation of the Conservatoire Mondial du Chasselas (with the aim of researching older, more qualitative selections) and the creation of an important collection of old Dézaley vintages. The estate has been awarded the highest distinctions. It is one of the icons of Swiss wine and enjoys international recognition.
